

Marysville SR 31 Bridge Replacement

MONDAY AUG. 15

Northbound traffic on SR 31 will be reduced to one lane daily from 7am to 5pm to build temporary pavement.

Completion: August 19, 2016

MONDAY AUG. 22

Northbound and southbound traffic on SR 31 will be reduced to one lane so crews can begin building the new bridge. Traffic will be shifted to travel on the southbound side of the bridge.

Temporary signals will be in place at the exit ramps for US 33 to maintain traffic.

One lane in each direction will be in place until the project is complete, weather permitting, **June 30, 2017.**

Temporary Traffic Signal

SR 31 Southbound

SR 31 Northbound
