You are required to pay estimated tax due for the current year as you earn income. For every person who anticipates taxable income during the current year which is not fully withheld on (or may be from self-employment, rental activity, or other business activity) resulting in a tax due to Marysville, a Declaration must be filed. The estimated tax due must be paid in quarterly installments, with at least 90% of the total amount anticipated to be due PAID IN FULL by the final installment date. The payment dates are as shown below:

Table with 3 columns: DUE DATE, QUARTER PERIOD COVERED, and description of income period.

Methods of calculating estimated tax due:

- A. You may pay an amount equal to the amount due in the previous tax year.
B. If you know what your anticipated income will be for 2018, you can base your estimate on that anticipated income amount.
C. You may calculate your quarterly amount due based on wages or income earned during the quarter.

Your first quarter payment will be remitted with your tax return, in addition to any payment in full or tax due for 2017. Important! Failure to file and pay quarterly estimated tax due will result in penalty and interest assessed. This is a mandatory requirement.

ESTIMATED TAX WORKSHEET

- 1. Enter your total estimated Marysville taxable income
2. Multiple Line 1 by 1.5% (.015) and enter here
3. Tax credits
a. Enter the tax your employer will withhold and send directly to Marysville
b. Enter the overpayment (carry-over) from your previous Marysville return (if any)
c. Enter other credits, if any
4. Enter your total credits (add lines 3 together)
5. Net estimated tax due (subtract Line 4 from Line 2)
6. Enter 1/4 of Line 5 here, as your quarterly estimated payment

Failure to pay at least 90% of the current year's tax due or 100% of the previous year's tax due by January 15 will result in penalties and/or interest.

Under penalties of perjury I declare that I have examined this information and to the best of my belief, it is true, correct and complete.
