A Columbarium is a stone structure containing small compartments called Niches for the funeral urns to be stored. The City has recently installed the first of a planned six (6) structures at Oakdale Cemetery. This addition provides an additional burial option and will help increase the capacity of the cemetery without the need to purchase additional land.

## Niche Details

A Niche is a small compartment in a Columbarium for the placement of funeral urns.

- Each Columbarium will contain 60 niches
  - Each niche can hold up to three (3) urns
  - Niche Dimensions: 12 inches x 12 inches x 14 inches
  - The purchaser must confirm that the urns will fit properly in the niche.
  - Each niche front may contain the name and dates of up to three (3) persons.
  - Engraving of niche fronts must be performed by a contractor specified by the City and will be at the expense of the purchaser.
  - Except for the attachment of military recognition installed by a contractor specified by the City, no drilling or attachment of any kind is permitted on the front of a niche.
  - Decorating of the niche front is not permitted
  - No artificial decorations are permitted. Live flowers may be used only in areas that have been preapproved by the City.
  - Attachments of any kind to the niche front is not permitted.
